

Tahoe Boy Winner Of Skiing Classic In European Meet

Jimmy Heuga of Tahoe City Sunday became the first American ever to win the Kandahar Trophy when he finished first in the special slalom at Garmisch-Partenkirchen, Germany.

The accomplishment was of such international importance that it was featured on the major television stations and drew headlines in the metropolitan daily newspapers.

The 20 year old son of Mr. and Mrs. Pete Heuga, a student at University of Colorado, surprised experts by taking the bronze medal in the Winter Olympics at Innsbruck, Austria, two weeks ago in the slalom. He was second in the giant slalom Saturday at Garmisch.

Jimmy took the gates in breathtaking speed in the first race Sunday clocking 50.98 seconds for the 612 yard course with a vertical drop of 207 yards and 62 gates. In the second heat he was clocked at 55.52. The second course was the same length as the first but was flagged with 66 gates.

Buddy Werner of Colorado lost his chance to finish high up in the slalom when he missed two gates in Sunday's event.

Heuga's closest rivals in Europe's top "prestige" race Sunday were Jean-Claude Killy of France and Gerhard Nienning of Austria.

"Golly, this is a wonderful feeling having won such an important race at my age," Heuga declared.

BAD WIESSE, Germany—Jimmy Heuga, Tahoe City, placed third in the floodlight slalom competition at Bad Wiesse Monday night. Buddy Werner of Steamboat Springs, Colo., came in second in the race won by Pierre Stamos of France.

BRINER SEEKS ROAD LIGHTS FOR SQUAW

AUBURN—County roads in the Squaw Valley region, where thousands of persons are enjoying the winter sporting season, are in desperate need of lighting.

Such was the declaration last week of Supervisor William S. Briner who urged the county public works department to investigate the feasibility of installing lights. Said Briner:

"It is not just the county's responsibility. The lodge owners should share in the expense. But there are thousands of people walking around up there and there hundreds of cars on the road. We either have to provide a walkway or lighting. I think the area needs lighting."

Public works official Walter Sady said his department will look into the matter—but only after he reminded Briner that several other areas in the county want lighting too.

Darlene Bitler and Lorraine Briscoe of Kings Beach were hostesses to a surprise baby shower for Gen Brockelsby of Kings Beach. A beautifully decorated cake was served with coffee and tea to guests. Among those attending were Anna Burghardt, Darlene Bitler, Lorraine Briscoe, Pat Crow, Helen Chanda, Ann Tiller, Jerry Niday, Alice McDonald, Millicent Quartley, Ann Hansen, Mae Springer, Paula Gurney, Nora Fer-

rari, Janet Ellison, Rita Weiss, Mary Clary and Bertha Burghardt.

Happy birthday to Vi Huot of Kings Beach who celebrated her natal day Valentine's Day, February 14.

Esther Ritchie of Marysville was a weekend guest of Bethel Van Tassel at Tahoe Vista.

Bern May of Kings Beach is really enjoying her trip around the world. The last card from the Netherlands where she had visited a village via a cross between a launch and gondola. Apparently all types of transportation have been at Bern's disposition during her tour. She is on her way to Brussels, Paris and thence to the

Riviera. Weather wise she has been fortunate too as Europe has had a mild winter. Well, Lake Tahoe has been fortunate weather-wise this winter with all the ski resorts filled to capacity on week-ends.

Tommy Gore of Carnelian Bay checked into Letterman Hospital in San Francisco last week for minor surgery. Wife, Marj, reports he is getting along nicely.

Ralph and Janet Yopp and children have moved from Reno to a new home at Kings Beach. Janet's parents, the J. C. Jordans, recently purchased a new home at Incline Village.

Col. and Mrs. Linn Chaplin are new residents of Crystal Shores. They formerly lived at Monterey.

Bob and Tally Daneri of Kings Beach and Jetta Steward of Tahoe Vista were Elko visitors last weekend.

Mr. and Mrs. Frank Lawrence of Carnelian Bay have returned home from Los Angeles where they visited their son and family and saw their new grandson.

Crystal Shores attended the boat show in San Francisco last week.

Jack Knorpp of Crystal Shores was in San Francisco last week for several days on business.

The Greater North Lake Tahoe Chamber of Commerce met at the University of California Alumni Center at Tahoe City Thursday. Present at the meeting were president, William Keller, Supervisor Bill Briner, Tim Sullivan, Jim McCourry, Don Rose, Ralph Rausch, Max Hoff, Wendall Russell, George Hansen, Ed Brown, Carlton Kornarske, Dave Stollery, Jack Marquette, Bill Elliott, Ivan Tofft, Art Gerber, Bob Molsberry, Tom James Andy Creglow, Larry Lindsey, Velda Farris, Bethel Van Tassel. Lunch was served at the center and those attending were very pleased with the facilities available there.

Creglow and James discussed the dedication ceremonies planned for the Truckee-Tahoe Airport in June. Jim McCourry, Don Beck and Bill Briner will work with the airport officials on the dedication program. Many pilots, owners of planes, and other parties who have flown into this airport have stated that it is one of the best and they have all been very happy with its facilities.

Larry Lindsay and Tim Sullivan gave interesting talks on the Na-

tional Junoir Ski Association meeting at Squaw Valley and Alpine Meadows, March 16 to 21. Nine teams of the United States as well as Canada and Alaska will be represented at this meet. This is managed by the Far West Ski Association and the Lake Tahoe Ski Club will assist them in the promotion as well as Alpine Meadows. Buttons are being sold to help defray the expenses. Tim said that coverage had been given the event in Ski and Sports Illustrated as well as radio, press and some TV coverage.

This event is the second largest skiing event in the United States and this will be the first official use of the jump at Squaw Valley since the 1960 Winter Olympics. The cross country will be on Poulson's property at Squaw Valley. Tim will be on the race committee and the Nordic.

Wendall Russell gave a report on the sign committee of which Bill Hunter and Marilyn Fugazi are members. Recommendation was made that the board of supervisors approve the revised ordinance, maximum 120 square feet, which was accepted.

The next chamber meeting may be a night meeting for the general public. Watch for the announce-

'64 Buick Sports Wagon ...

Styling Boosts Cargo, Passenger Space

The stylists literally "raised the roof" on this new Skylark sports wagon which Buick will introduce to the public at the Chicago Automobile Show. The roof over the second and third seat passengers has been raised nearly four inches to provide additional headroom so the third seat can face forward and also to create additional cargo space. Roof glass is specially tinted and heat resistant to protect passengers from the sun. Mounted on a 120-inch wheelbase, five inches longer than regular Skylark models, the Skylark wagon has 97.9 cubic feet of cargo space when the seats are folded down, nearly 11.5 cubic feet more than the Special wagon. It is powered by a 210 horsepower V-8 engine with a 250 horsepower engine optional. It is available in either a two-seat or three-seat model.

WORK SUSPENDED ON FREEWAY PROJECT

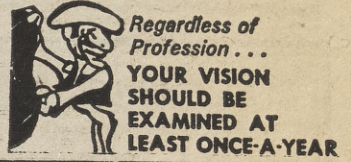

Work on a seven-mile freeway project on Interstate 80 in Nevada and Placer Counties has been suspended because of snow conditions in the high Sierra, according to state highway officials at the Marysville district office.

The \$11 million job from the junction of State Sign Route 20 to Hampshire Rocks will be resumed by the contractors, Fredrickson & Watson Construction Co. and Granite Construction Co. of Oakland, when weather conditions improve.

Two-way traffic is now using the new eastbound lanes from the SSR

20 junction to four miles east. Motorists are urged to drive with extra caution one mile east of Cisco where a future interchange ramp is in temporary use for two-way traffic.

Work is about 75 per cent complete on this project converting the two-lane highway to a four-lane divided freeway and it is estimated construction will be finished by the end of this year.

How to save money like clockwork

[even if you're short on willpower]

Hanging on to some of your earnings can be as easy as winding your watch. Just tell your employer you want to join the Payroll Savings Plan. Then sit back and forget about it.

Every payday, he'll set aside a few dollars from your paycheck (you say how many), and put them towards the purchase of a U. S. Savings Bond.

Pretty soon you'll have some big

dough stashed away. No strain. It's all automatic—and dependable as Big Ben.

Millions of your fellow Americans save billions of dollars this way, so you know it works. What's more, you help your country as you get richer, which should give you a nice red, white, and blue feeling.

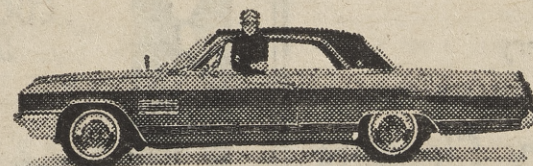

Take a minute and talk to your employer this payday. See if it isn't time well spent.

Keep freedom in your future with

If you're after a car with some life to it, there's only one thing to do. Be my guest. I'm easy to find, you know. Just look for me at your Buick dealer's, during his Sports Car Rally. While you wait for me, you can drive one of his sport models—a Wildcat, maybe, or a Skylark. Or even a Riviera. In fact, you can drive all three. That's what the Buick Sports Car Rally is all about. (What a way to start a New Year!) If I don't show up, you can talk price. That's even more pleasant than conversation with me. You'll see. Once you get your hands on a Buick, you won't miss me a bit. Really.

PLACER PLANS FOR RECREATION TOLD

AUBURN—Outdoor recreation in Placer County zoomed into sharp focus in a new dimension Tuesday when the County Recreation Commission placed a \$100 million price tag on facilities needed to meet the demands of approximately 19 million users annually in Placer county within the next 20 years.

Financing for this development, as spelled out in the plan, will come from federal and states sources and from commercial development. No new taxes on land are proposed or anticipated for recreational uses in the county.

The price tag, along with other proposals for recreational development were revealed when the board of supervisors released for study and review a proposed Public Outdoor Recreation Plan for Placer County.

According to the plan, Placer County will participate in the phenomenal population growth of the state and region and will be asked to supply vast areas of land for outdoor uses.

James H. Grubbs, chairman of the recreation commission, said that the plan is concerned primarily with the functional use of land within Placer County for public outdoor recreation to be developed both by private organizations and government agencies.

The plan, as released by the board, contains detailed and specific proposals for the development of activities ranging from camping, hunting and fishing, to the resurrection of some of the colorful aspects of the county's history.

The planning period covered in the plan spans a 21-year period, and anticipate a growth in population in the county to approximately 170,000 permanent residents. The plan, also, contains proposals to meet demands of these residents and of those from surrounding metropolitan areas, and for tourists from farther afield.

In setting up design criteria for specific activities, attendance was forecast to anticipate facility needs and the source of supply.

By 1985, the Plan anticipates that boating will draw 3,720,000 visitors annually, with camping, 3,260,000, fishing, 1,880,000, hunting, 240,000, picnicking, 1,540,000, riding and hiking 398,000, swimming, 3 1/2 million and winter sports, 2 1/2 million.
